

Slips / Falls

1. While a police officer was walking across the parking lot, he slipped on black ice and fell to the ground. Upon making contact with the ground, the officer’s handcuff key, which was on his key ring, punctured his palm.
2. While walking to the car, a police officer slipped, injuring his lower back.
3. Police officer slipped on snow/ice, landing on his side and striking his head on the ground.
4. Police officer tripped over an open desk drawer, scraping his shin.
5. Police officer was exiting his vehicle and slipped on ice, falling backward into his vehicle, causing injury to his shoulder and tailbone.
6. While responding to a call, a police officer slipped on ice, causing injury to his wrist.
7. Police officer was walking down a set of stairs when he slipped, injuring his ankle.
8. While assisting with a vehicle collision, a police officer slipped on ice, hitting his head.

Slips / Falls from Foot Pursuits

1. Police officer was engaged in a foot pursuit when he slipped and fell to the ground, scraping his hands and knees.
2. While engaged in a foot pursuit, a police officer felt his knee pop.

Exposures:

To Narcotics

1. Police officer responding to a drug overdose call found the subject deceased upon entry. While collecting the narcotics for evidence, he became lightheaded, dizzy, and began sweating profusely.
2. While completing paperwork in the evidence room, a police officer suddenly passed out, hitting her head when she fell to the ground.

To Bodily Fluids

1. Police officer was making contact with a subject with a busted lip when the subject spat on the officer, exposing blood to the officer's face.

To COVID-19

1. Police officer was exposed to a subject who had COVID.

Arrests

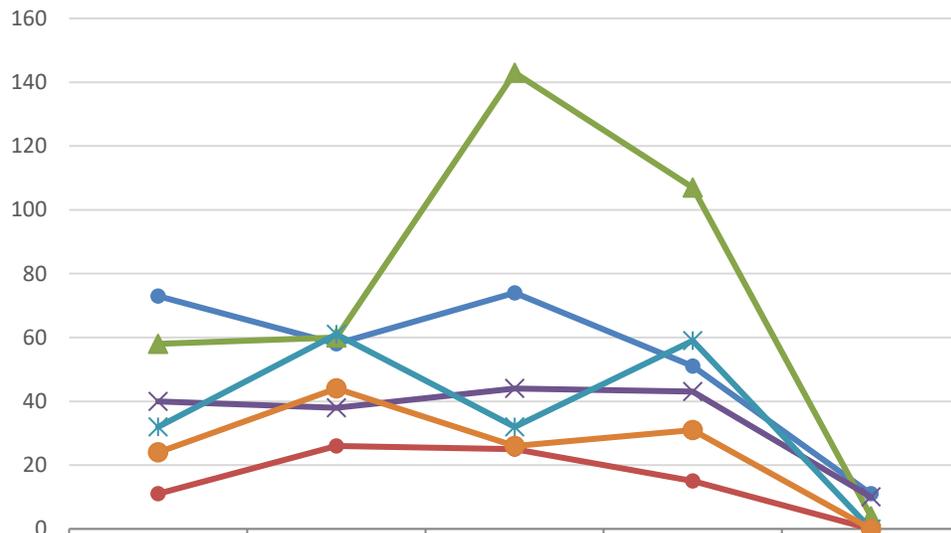

1. Police officer attempted to detain a female subject suspected of reckless driving. Upon making contact with the subject, she began to resist, causing the police officer's blood pressure to rise, which caused a nose bleed. Additionally, the officer received scratches to both knees when taking the subject to the ground.
2. While making an arrest following a foot pursuit, a police officer pulled the subject towards him out of a ditch, causing tingling and strain to his finger and bicep.
3. Police officer was engaged with a subject holding his grandmother hostage with a knife. The subject dropped the knife, picked up a metal carpenter's square, and began assaulting the officers on the scene.
4. Police officer took a subject to the ground and landed on his shoulder, causing injury.
5. While assisting with placing a subject inside a patrol vehicle, the subject kicked his leg up towards the officer, striking his pinky finger, causing it to hyper-extend.
6. Police officer was detaining someone at a local bar where numerous other patrons were present. Upon taking a male subject into custody, he resisted, and they both fell to the ground. While on the ground, other patrons jumped the officer, kicked her in the face, pepper-sprayed her face, and bent her nails backward.
7. Police officer restraining a subject experienced pain in his neck.
8. Police officer injured his hands and knuckles while restraining a subject.
9. While restraining a subject under arrest, a police officer felt a pop in his ribs.
10. Police officer injured his lower back while arresting a subject.
11. Police officer injured his knee while arresting a subject.
