

## CYBERSECURITY AND TECHNOLOGY SERVICES PROMOTION

**Any municipality that signs a 3+ year VC3 Manage agreement will receive extra technology—at no extra cost.**

**VC3, the Kentucky League of Cities' IT consulting partner since 2012, is offering an exciting promotion to encourage you to address your cybersecurity and technology risks.**

Like many towns and cities, you may have old computers. When you sign with VC3, we will turbocharge your operations with modernized state-of-the-art laptops.

And, with the latest in smart council room technology, you can enhance your council meetings with multimedia, interactive content and collaboration, and digital notetaking.

### **VC3 Manage**

Your municipality can't afford to fight IT fires—especially when your operations depend so much on technology today.

VC3 Manage provides you a dedicated customer service team to handle IT issues, provide application support, and proactively monitor and maintain your systems. You also receive a dedicated strategic advisor who will meet with you quarterly.

**Small Package**  
**(5-19 users)**  
**1 laptop**

**Medium Package**  
**(20-35 users)**  
**5 laptops**

**Large Package**  
**(more than 35 users)**  
**5 laptops and 1 Council Chamber Smartboard**

Sign up for VC3 Manage before May 31 and seize the chance to enhance your technology capabilities while enjoying complimentary hardware.
